

# Spring-Run Chinook Watershed Symposium

at Butte Creek Meadows near Chico, CA

## July 27-29, 2006

*Sponsored by Salmonid Restoration Federation, PG&E, Friends of Butte Creek, Department of Water Resources, Sacramento River Preservation Trust, & Trout Unlimited*

Featuring a **Thursday Night Orientation** with Zeke Grader of Pacific Coast Federation of Fisherman Associations, Tracy McReynolds of the Department of Fish and Game, and a representative of the Spring Run Technical Review Team

**Thursday Field Tours** of PG&E water facilities in the Upper Butte Creek watershed and a tour of the Lower Watershed to visit Western Canal Siphon, the former McGowan Dam, Sanborn Slough, and the Butte Sink, Butte Outfall gates, and the East and West Borrow Channels in the Sutter Bypass to view and discuss various dam modifications

### **Friday and Saturday Workshops:**

**Lower Watershed Tour:**  
spring-run Chinook spawner surveys, fish counting weir and spring-run populations model, and spawner gravel surveys

**Upper Watershed Tour:**  
highlighting road decommissioning and meadow restoration

**Hike** to Deer Creek Falls or the Big Chico Creek Ecological Reserve
