## Fish Passage Engineering Field School November 16-18, 2010 in San Luis Obispo with Engineers Michael Love, Ross Taylor, and Kosmo Bates

Sponsored by Salmonid Restoration Federation, California Department of Fish & Game, and NOAA Fisheries

This hands on workshop will assist engineers, but are also intended for hydrologists, biologists, and environmental planners, or any other staff who are involved in the design and implementation of fish passage projects. The workshop will cover the design and implementation process, including biological considerations, site surveys

and geomorphic assessment, state and federal fish passage design guidance, stream simulation design, grade control techniques, retrofitting existing crossings, contracting and implementation, monitoring and adaptation. Registration will open in July. To see the course curriculum, please visit [www.calsalmon.org](http://www.calsalmon.org)
