

South Coast Fish Passage Design and Engineering Field School

January 14-16, 2014 in Ventura, CA

with Instructors Michael Love, Ross Taylor, and Kozmo Bates

Sponsored by Salmonid Restoration Federation and California Department of Fish & Wildlife

This hands on workshop will assist engineers and is also intended for hydrologists, biologists, and environmental planners, or any other staff who are involved in the design and implementation of fish passage projects. The workshop will cover the design and implementation process, including biological considerations, site surveys and geomorphic assessment, state and federal fish passage design guidance, stream simulation design, grade control techniques, retrofitting existing crossings, contracting and implementation, monitoring and adaptation.

Logistics: The Fish Passage Design and Engineering Field School will be held at the conference room at the Pierpont Inn at 550 Sanjon Road in Ventura, CA. SRF has arranged a group block of rooms at this hotel for \$89 for single King rooms and \$99 for double rooms with two queen beds. To make a reservation, please call the Pierpont Inn (www.pierpointinn.com) directly at (805) 643-6144. The group code is SRF. SRF will be providing lunches.
