

Salmonid Restoration Federation

November 28, 2017

To Our Valued Supporters,

I am writing on behalf of Salmonid Restoration Federation to encourage your company or organization to co-sponsor the 36th Annual Salmonid Restoration Conference, which will be held in Fortuna, CA from April 11-14, 2018.

Salmonid Restoration Federation (SRF) is a non-profit organization that promotes stewardship, sustainable management, and restoration of California's salmon, steelhead, and trout populations and their habitat. We provide critical educational services for California's community-based salmonid restoration organizations and agencies by producing an annual conference, field schools, and workshops. SRF's statewide conference on salmonid restoration provides an opportunity to explore innovative watershed restoration projects, participate in technical workshops, attend concurrent sessions, and enjoy an exciting plenary on the state of salmonid recovery in California.

Field Tours

- Lower Eel River Restoration, Flood Reduction, and Habitat Connectivity Tour
- Instream, Off-Channel, and Upslope Erosion Reduction Restoration Projects in Humboldt Bay
- Instream Restoration and Groundwater Recharge Planning in the Mattole Headwaters
- Restoring Tidal Wetlands: Inclusive, Process-based Restoration in Working Landscapes
- 15 Years of Salmonid Habitat Restoration in Lower Klamath Tributaries

Workshops

- Devising Regionally Protective Instream Flow Criteria for Unregulated Coastal California Streams
- Speaking of Science and Facilitating Community Engagement
- Effectiveness Monitoring of Instream Restoration Projects in California
- Using an Optimization Model to Select Fish Passage Barriers for Remediation
- Identifying Appropriate Site-Specific Methods and Target Criteria for Instream Large Wood Restoration Efforts
