2024 SRF Conference Session, Workshop & Tour Descriptions

**Concurrent Sessions** are usually 3 hours and 15 minutes and should not exceed six speakers. Ideally, sessions will have a variety of speakers (e.g., agency personnel, restoration practitioner, policy maker, recovery planner, tribal / community representative, fisheries biologist, academic, etc.). SRF encourages gender balance and participation of people from diverse backgrounds. SRF has an Open Call for Abstracts, so all potential presenters will need to formally submit an abstract in order to be considered as a presenter. The First Call for Abstracts will open in September 2023. SRF will forward abstracts to potential session or workshop coordinators promptly. Concurrent sessions will take place on March 28 and 29, 2024 at the Hyatt Sonoma Wine Country in Santa Rosa.

**Workshops:** Workshops will be 9am to 5pm on March 26 and 27, 2024 at the Sonoma Fairgrounds. Workshops should delve into a particular issue or subject pertinent to the restoration field and include ample opportunities for interaction such as a hands-on activity, breakout groups, or extended discussion. They should not just be a series of case studies. All presenters including invited ones will need to submit abstracts as part of the Open Call. Please send a high-resolution photo to accompany your workshop.

**Field Tours:** All field tours will be 9am to 5pm on March 26 and 27, 2024 and will depart from the Sonoma Fairgrounds. Field tours should be accessible and proximate project sites that illustrate watershed restoration techniques or management issues. Field tours should include multiple stakeholders and a realistic timeframe for the proposed itinerary. SRF will cover transportation as needed and lunches. Please let us know if the tour sponsor can assist with providing transportation which is extremely helpful. All safety or additional insurance requests should be made at least two months prior to your tour. SRF only needs one tour abstract for a field tour for the Conference Proceedings. To submit a field tour proposal please include 1) Field tour name; 2) List of tour leaders to be acknowledged; 3) A detailed tour description to post on the SRF website; and 4) Tour photo.
