

2025 Erosion & Sediment Control Field School

November 11 - 13, 2025, Arroyo Grande

Photos provided by FWIA

Field School Topics Include:

- Identifying sediment sources and quantifying erosion volumes
- Assessing environmental impacts from accelerated erosion and sediment delivery
 - Creating erosion control and prevention plans
- Identifying high priority erosion and sediment control on post wildfire landscapes
 - Assessing, prioritizing and estimating costs of post wildfire road treatments
- Field Tour to complement classroom discussions
