

Salmonid Restoration Federation

September 2, 2025

To Our Valued Supporters,

I am writing on behalf of Salmonid Restoration Federation to encourage your organization or agency to co-sponsor the [43rd Annual Salmonid Restoration Conference](#), which will be held in Redding, CA from **April 28 - May 1, 2026**.

Salmonid Restoration Federation (SRF) is a non-profit organization that promotes stewardship, sustainable management, and restoration of California's salmon, steelhead, and trout populations and their habitat. We provide critical educational services for California's community-based salmonid restoration organizations and agencies by producing an annual conference, field schools, and workshops. SRF's statewide conference on salmonid restoration provides an opportunity to explore innovative watershed restoration projects, participate in technical workshops, attend concurrent sessions, and enjoy an exciting plenary on the state of salmonid recovery in California.

The Final Call for Proposals is now open; to submit a proposal for a workshop, session, or field tour, please [fill out this form](#) by Monday, September 8, 2025. The First Call for Abstracts will be posted by mid-September. Questions can be emailed to abstracts@calsalmon.org.

Conference Co-sponsorship Opportunities: Co-sponsors enable us to produce a dynamic and informative conference at an affordable rate for participants. SRF greatly appreciates monetary contributions, scholarship funds, hospitality, and in-kind assistance. Different levels of sponsor contributions entitle co-sponsors to various benefits. All co-sponsors will be listed in public relations materials, the SRF newsletter and website, and conference materials. Additionally, your support will be acknowledged during the conference plenary announcements.

The earlier sponsors pledge, the greater the PR opportunities for our Conference Sponsors.
