

2026 Grant Development Training for CA Tribes

Funded NOAA Fisheries Office of Habitat Conservation,
Bipartisan Infrastructure Law, and Inflation Reduction Act

September 2026 - February 2027

Salmonid Restoration Federation (SRF) and the California Indian Environmental Alliance (CIEA) are offering a six-month grant development training program for California tribal members and staff. This course is being offered as part of the California North Coast Tribal Capacity and Climate Resilience Project.

What to know:

- Only for Tribal Members and Tribal Staff
- The course requires a 2-session / month commitment for 6 months
- Complete the Interest Form by July 10
- Official registration instructions will be provided to those who fill out the form.
- Instructors include Tim Hoone, Community Development Director for the Tolowa Dee-ni' Nation, and grant instructor, Lyn Craig.
- Sessions will be held via Zoom
