

# Pond Planning and Groundwater Recharge Workshop and Field Tour

**Saturday, August 17, 10am - 4:30pm**  
**Beginnings Octagon, Brice Land**

## 10am Workshop Presentations

*Addressing Land Use Impacts to Restore Dry Season Flows and Foster Hydrologic Resiliency,*  
Tasha McKee, Water Program Director, Sanctuary Forest and Sam Flanagan, Geologist, BLM Arcata Field Office

*Summary of 6 years of Dry-season Instream Flow Monitoring Results in Redwood Creek  
and General Implications for Aquatic Habitat and Flow Enhancement Approaches,*  
Jay Stallman, Geologist, Stillwater Sciences

*Status and Summary of Groundwater Recharge and Flow Enhancement Project Design and Planning in Redwood Creek,*  
Joel Monschke, Engineer, Stillwater Sciences

*Rock Moisture and Runoff through the Critical Zone,*  
Jasper Oshun, Geologist and Professor, Humboldt State University

*Lunch provided*

## 1pm Field Tour to see Sanctuary Forest's Baker Creek Project

\$20 suggested donation to cover lunch and costs. No one will be turned away for lack of funds.

Pre-enrollment is encouraged at [www.calsalmon.org](http://www.calsalmon.org)

This event is partially funded by the Wildlife Conservation Board Flow Enhancement Program
