

43RD ANNUAL SALMONID RESTORATION CONFERENCE

Dam Removal Project Manager Training with Tour of Battle Creek Dam Removals

APRIL 28-29, 2026: 9AM-5PM
REDDING, CALIFORNIA

This workshop prepares project managers to tackle the challenges of developing and managing both straightforward and complex dam removal projects. Topics covered will build attendees' skills and knowledge related to scoping a dam removal project; community engagement; regulatory approvals; and coordinating a diverse team of project partners, property owners, engineers, and contractors.

Coordinated by:

**AMERICAN
RIVERS**

With speakers from:
