

Gordon Becker Memorial River Advocate Award

Awarded in Honor of Gordon Becker - a tireless and effective advocate for healthy rivers & fisheries.

Nominated by his Co-Workers & Friends

The Recipient of the 2022 Gordon Becker Award is
Michael Belchik!!!!!!

Michael Belchik – Water Protector - Dam Breaker!!!

“Mike is the ultimate advocate. He is smart, dedicated, and hard working. His work is driven by one fundamental question: what do the fish need? His pursuit of an answer takes him from the river bar to the court room, where he excels by his thoughtful observation and sharp analysis of fish needs and eloquent way of translating those needs into river management, law, & policy.

The river, the fish, and the people are better because of his work.”

- Amy Cordalis

Always Telling FERC WTF!?!

Michael R. Belchik

Jul 10, 2019 · 🌐

Spent my birthday in DC testifying to FERC (see picture) about the Klamath Dams. Thanks for all the best wishes!

You, Monica Hiner and 171 others
